Bob Bowie,

I thought that you would find the attached letter from the President to Senator Inouye to be of some interest. I have not provided a copy of this to Stan Turner but feel free to do so if you think he might be interested in it as well. I would not be surprised if the President raised it with him in the near future.

To Senator Inouye

Thank you for sending me a copy of the Select Committee's report on the national intelligence estimates process as reflected in the recent NIE-B Team experiment. It represents an important contribution to intelligence literature on this important subject and highlights an important area that requires highest priority attention.

Sincerely,

The Honorable
Daniel K. Inouye
